

RAMP REGISTRATION GUIDE

This guide was developed to provide registrants with information on how to register for a water polo season using WPC's National Registration Database and Event Management System, RAMP.

step 1: Click on the link that your club registrar has provided.

step 2: Create a RAMP account for you and/or your child(ren). If this is your first time using RAMP, click on the "Don't have an account? Create one Here" button. You will be asked to enter your email address, a password and select which language you prefer.

step 3: Login to your RAMP account and select the correct registration option for your primary role (participant/athlete, coach, official or executive/volunteer).

IMPORTANT - How to choose your MAIN ROLE:

- You must select the role that you occupy most often during a season.
- Ex: I am an athlete 90% of the season and I am a referee only 10% of the season. Your main role is ATHLETE.

step 4: Select the appropriate options for the "Choose a Season", "Choose a Family Member to Register" and "Choose a Division" sections on the registration page.

4.1 Under "Choose a season" please select the 2021-2022 season.

4.2 Under "Choose a Family Member to Register" select the family member who is registering OR select the "add a new family member" option.

RAMP has the ability to link the accounts of all family members who register in water polo activities (athletes, coaches, volunteers, etc.). Adding family members can also be completed later in the registration process at the emergency contacts section. There is a button in the registration menu called "My Family Members" which lists all accounts registered within your family.

4.3 Under "Choose a Division" select the appropriate registrant category based on the level of water polo activity you will be participating. If you are an official, select your officiating level instead of division.

If your club has created any "packages" (different options available for the registrant category), they will appear below the dropdown menu.

IMPORTANT - how to choose your DIVISION:

- When you select your division, you must choose the division that corresponds to the highest level required for your activities during the current season.
- Ex: I am an athlete who only trains with my club, I do not participate in any competition, but I am also a referee from time to time in the National Championship League (NCL). The division I need to select is **NATIONAL**.
