Free trial (short-term) members are covered under the Water Polo Canada (WPC) insurance policy on a one-time basis for a **maximum of fourteen (14) consecutive days**. After the trial period is complete, registrants must be registered in the WPC National Registration Database for continued coverage. This coverage is intended for those individuals who are trying the sport for the first time. As such, an individual can only be considered a free trial member once.

Any individual who has previously completed a free trial may not complete an additional trial, regardless of whether it is with a different water polo club. These individuals will be required to register with a club prior to participating in any water polo activities.

Following the completion of the trial period please submit this form to insurance@waterpolo.ca within seven (7) days (if trial begins 01-09-2021, trial period ends 14-09-2021, form submitted to WPC by 21-09-2021)

Free trial (short-term) members will only be covered under the Water Polo Canada insurance policy if this form and a signed WPC Consent Form for each free trial member listed are received within seven (7) days of the completion of the trial period.

Note: All free trial members who register with a water polo club following their trial period will be required to sign another WPC Consent Form to become a registrant of Water Polo Canada.
